

## Wafer Style

**Wafer Type Silent Check Valve**

### **MODELS:**

**CV 90 - DI** Wafer Class 150 / 300

Ductile Iron Sizes 2" - 12"

**CV 91 - SS** Wafer Class 150 / 300

Stainless Steel Sizes 2" - 12"

**Size Range:** 2" - 12"

Sizes 2" - 6" Provide Dual Pressure

Service ASME Class 150/300

### **Designed for Long Service Life**

Newly designed CV90's have straightening vanes that reduce turbulence in incoming flow, thus minimizing noise, vibrations, erosion, cavitations, and other factors that could result in premature valve failure.
